Riding a bicycle through the DMZ

Article from Donga Ilbo article by Jongku Yang reporter

President Kwonsik Kim (80), who founded and runs EVS (Engineering, Value and Service), which is a renewable energy company based in Minnesota, rode his bicycle through the Demilitarized Zone (DMZ), which starts from Paju, Gyeonggi-do and continues to Goseong, Gangwon-do, from October 3 to 11. This event was dedicated to a friend who went to South Korea during the 'Heungnam Withdrawal', in which the US military withdrew from South Korea, and put South Korea at a disadvantage due to the intervention of the Chinese army on the Eastern Front in December 1950. When the 'Korean War' was in full swing, the friend rescued a large number of refugees. It was an event created by Dong-myeong Joo (81), an alumnus of Seoul National University's College of Engineering and director of New York City's technology, as he always wanted to go back to his hometown. Kim's acquaintances, Dr. Byung-Hak Lee (64), equipment manager at Entegris (a Minnesota semiconductor company), and Daewon Kim (67), a former Samsung Group executive, went on this ride together.

Kim who led this event, is enjoying a healthy old age thanks to the fact that he has made exercise a part of his daily routine since leaving South Korea to study at the University of Minnesota in 1969. On May 21, 2022 Kim was introduced to health and wellness in an article by a reporter Jong-gu Yang titled "Health Tips for the Age of 100". Even though he is 80 years old, he maintains his health by exercising every day. "Because I was healthy, I was able to cross the Korean Peninsula along the DMZ. I'm happy to be able to go on a meaningful trip with my friends," he said with a bright smile.

2023 Admired Mother Award Young-soon Ryan | Award Recipient

This award was established to honor the life of Mrs. Kyong-ja Lee (1915-2005) who became a widow at the age of 34 during the Korean War and had to overcome indescribable hardships and raise her four children who became successful professionals. This award will be given to those single mothers who are following Mrs. Lee's footsteps to encourage them.

This year, Young-soon Ryan was selected as the 2023 recipient, and the award ceremony was held at the KAAM Center on Saturday, December 16. \$1,000 were awarded to the recipient and KAAM encouraged Youngsoon Ryan for her dedicated life and her hard work to raise her children. She was selected as the 2023 recipient because she raised two healthy and successful children alone in the United States without knowing anyone and any help from others, and she became a wonderful example to her neighbors and community.

It was a high-quality performance that not only allowed everyone from children to adults to laugh and enjoy the show, but also the interaction with the audience made the show more enjoyable. They also offered 15-20% discounts especially for Koreans community and members.

While the cast members stayed in Minnesota for about two months, they were invited by Target Vice President Don Liu and several colleagues to have dinners at a Korean restaurant and a resident family's house, a tourist course around Minneapolis including a Target Corporation tour. They attended the event the next day, September 30th at the Mall of America, and then returned to Chicago right after the event. KAAM was very encouraged by their visitation to Minnesota even in the midst of their busy schedules. KAAM will continue to have a good relationship with the Consulate General in Chicago and work with them closely.

The 22nd Overseas Elections

Consulate General of Chicago Chang-ho Woo and Consulate General Rae-yun Park visited the KAAM Center to promote the 22nd Overseas Elections for National Assembly Members. It will be held on April 10, and overseas voting will be held for six days starting March 27.

In order for Korean citizens to exercise their right to vote abroad, they must report and apply as an overseas absentee. Absentees abroad are citizens registered as residents in Korea and include overseas travelers, international students, and expatriates of companies. Overseas voters are citizens of the Republic of Korea who are not citizens of another country and are not registered as residents in Korea. Only Korean nationals who are 18 years of age or older as of election day can participate in the election.

Woo said that he plans to do his best to make voting more convenient and asked KAAM to encourage Korean residents in Minnesota to participate in voting (check website at ova.nec.go.kr).

Korean American National Sports Festival

Youngchul Kwon | Vice President, MN Sports Association

The 22nd Korean American National Sports Festival (KANSF) was held in New York from June 23 to 25, 2023, with a total of 3,798 athletes from 32 regions of America participating. About 60 athletes from Minnesota participated in this event including Taejoon Park who is a president of the Minnesota Korean American Sports Association, as a team leader, and Jaehyun Park who is a president of the Minnesota Jokku Association, attended as a co-leader. The Minnesota team participated in four sports (soccer, foot volleyball, golf and tennis), but unfortunately, they ranked in the bottom tier.

The leader Taejoon Park said, "The Korean American communities became one through sports, and we shared valuable memories of cooperation with next generations and Korean pride. Minnesota has been on the periphery of sports in the U.S. until now and will stand up as the center of sports in the U.S. starting with this tournament."

Former president of the Minnesota Sports Association, Hyeongho Han said, "I am very happy for the Minnesota Sports Association that had no event during the pandemic but is now actively participating in the event. Please do your best for the honor of Minnesota".

The KANSF is held every two years in major U.S. cities, originally starting in LA in 1981. New York held the event again for the first time in 40 years and won the championship with the largest number of athletes participating. The Minnesota team plans to prepare diligently for the 23rd KANSF in LA in two years' time with the goal of ranking in the middle tier. We look forward to the active participation and support from the Korean American residents in Minnesota.
